

My name is Samantha Schuelke and I live in Bristol, CT. I vote NO for your ridiculous bill to allow slaughtering of rabbits . I work in a vet that sees exotic pets and this is just cruel . They are very smart and meant to be pets. We have many rabbits that come to our facility and this bill is going to cause a big conflict . They feel pain and are just as respected as dogs or cats . What's next them too ? So I vote NO and I guarantee the rest of Connecticut would too .
